

CZ TRIGGERS - CZ SCORPION, STRAIGHT - Fixed pull weight between ****2 3/4-3 3/4lb****

[Rifle Parts](#) > [Triggers Parts](#) > [Triggers](#)

Compatible with all 9mm CZ Scorpion models, including the Scorpion 3+ Micro
Not compatible with the .22 LR version

With the wide range of accessories and upgrades available for the CZ Scorpion platform, its popularity as a highly customizable firearm is easy to understand. From braces, grips, and handguards to magazines, safeties, magazine releases, and charging handles—nearly every component can be tailored to the shooter.

Yet one of Timney's core principles still applies: "A fine rifle or pistol is no better than its trigger."

Precision-engineered and meticulously machined, the Timney CZ Scorpion Trigger is designed to significantly enhance accuracy and shooting performance. The trigger pull weight is user-selectable, allowing you to choose between 3-3.5 lbs or 5-5.5 lbs, depending on your preference and application.

As with all Timney products, each trigger is hand-assembled, tested, and calibrated specifically for the firearm it is intended for before leaving the factory. This commitment ensures consistent performance and long-term reliability.

CZ Scorpion Trigger Safety Instruction Guide

Introduction

Thank you for choosing the CZ Scorpion Trigger by Timney. This safety instruction guide provides essential information to ensure the safe and proper use of your trigger, in compliance with the EU General Product Safety Regulation (GPSR). Please read this guide carefully before installation and use.

General Safety Guidelines

- Always treat your firearm as if it is loaded, even if you believe it to be unloaded.
- Ensure that the firearm is pointed in a safe direction at all times.
- Keep your finger off the trigger until you are ready to shoot.
- Store your firearm and trigger in a secure location, out of reach of children and unauthorized users.
- Regularly inspect your firearm and trigger for any signs of wear or damage.
- Always use the trigger in accordance with the manufacturer's instructions.
- Familiarize yourself with the specific safety features of your firearm before use.

Specific Safety Precautions for Use

- **Compatibility:** The CZ Scorpion Trigger is compatible with all 9mm CZ Scorpion models, including the Scorpion 3+ Micro. It is not compatible with the .22 LR version.
- **Trigger Pull Weight:** This trigger has a fixed pull weight between 2 $\frac{3}{4}$ 3 $\frac{3}{4}$ lb. Ensure that this pull weight is suitable for your shooting preferences and abilities.
- **User Selection:** The trigger pull weight is userselectable. Choose between 3–3.5 lbs or 5–5.5 lbs based on your preference and application.
- **Installation:** The trigger must be installed correctly to ensure proper function. Follow the installation instructions carefully.
- **Testing:** After installation, test the trigger in a safe environment to ensure it functions as intended before using it in a live setting.

Instructions for Installation and Usage

Installation

1. **Safety First:** Ensure that your firearm is unloaded and pointed in a safe direction.
2. **Tools Required:** Gather the necessary tools for installation, including a screwdriver and any other specific tools recommended by the manufacturer.
3. **Remove the Old Trigger:** If applicable, carefully remove the existing trigger from your firearm according to the manufacturer's instructions.
4. **Install the Timney CZ Scorpion Trigger:**
 - Align the trigger with the trigger housing of your firearm.
 - Securely fasten the trigger in place using the appropriate screws.
5. **Adjust the Pull Weight:** Select your desired pull weight (3–3.5 lbs or 5–5.5 lbs) following the manufacturer's guidelines.
6. **Test the Trigger:** Before using the firearm, conduct a function check in a safe environment.

Usage

- Always handle your firearm with care and respect.
- Practice safe shooting habits at all times.
- Regularly clean and maintain your trigger to ensure optimal performance.
- If you experience any issues with the trigger, cease use immediately and consult a qualified gunsmith.

Disposal Instructions

When disposing of the CZ Scorpion Trigger or any firearm components, follow these guidelines:

- Follow local regulations regarding the disposal of firearm parts.
- If the trigger is damaged or no longer functional, consider returning it to the manufacturer for proper disposal.
- Ensure that all components are disposed of in a manner that prevents unauthorized access or use.

Contact Information for Further Support

For any questions or concerns regarding the CZ Scorpion Trigger, please refer to the manufacturer's contact information provided in the product packaging or on the official website. It is important to have access to support for safety inquiries and product information.

Conclusion

By following these safety guidelines and instructions, you can ensure that your CZ Scorpion Trigger is used safely and effectively. Always prioritize safety and maintain awareness while handling firearms. Thank you for your commitment to responsible firearm ownership.
