

38-Piece FAT Wrench Screwdriver Set

[Gunsmith Tools](#) > [General Gunsmith Tools](#) > [Gunsmithing Tool Kits](#)

When precision matters in your gunsmithing projects, the 38-Piece F.A.T. Wrench® Screwdriver Set is the tool of choice. This professional-grade set combines the iconic F.A.T. Wrench with 36 carefully selected bits and adapters, making it ideal for everything from scope bases and rings to action screws.

The F.A.T. Wrench® features an adjustable torque range of 10–65 in-lbs, providing precise, repeatable torque for scope ring and base fasteners—helping prevent overtightening that could damage firearms or optics. Bits are black phosphate-coated for corrosion resistance and long-lasting durability.

All components are neatly organized in a premium, stackable hard case that nests with other Wheeler sets. Equip yourself with the Wheeler F.A.T. Wrench® and work with confidence, knowing your rifle's screws are tight and properly set.

Safety Instruction Guide for the 38Piece F.A.T. Wrench® Screwdriver Set

Introduction

Thank you for choosing the 38Piece F.A.T. Wrench® Screwdriver Set. This guide provides essential safety instructions to ensure the safe and effective use of your tool. Please read this document carefully before using the product to prevent accidents and ensure optimal performance.

General Safety Guidelines

- Always use the tool as intended and according to the manufacturer's instructions.
- Keep the tool out of the reach of children and vulnerable individuals.
- Inspect the tool and its components for damage before each use.
- Do not use the tool if any component is damaged or missing.
- Store the tool in a dry, clean place to prevent corrosion and damage.
- Avoid using the tool in wet or damp conditions to reduce the risk of slipping or electrical hazards.
- Be aware of your surroundings and ensure you have adequate space to work safely.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses, when using the tool.

Specific Safety Precautions for Use

- Ensure that the torque settings are adjusted according to the specifications for the fasteners you are working with.
- Do not exceed the maximum torque rating of 65 inlbs to avoid damaging the screws or the firearm.
- Use the correct bit for the screw type to prevent stripping or damaging the screw head.
- Always maintain a firm grip on the tool while in use to prevent slipping.
- Do not use excessive force; let the tool do the work to maintain control and accuracy.
- If you experience any resistance while turning a screw, stop and reassess the situation to avoid damage.
- Be cautious when working with firearms; ensure the firearm is unloaded and safe before performing any work.

Instructions for Installation and Usage

1. **Select the Appropriate Bit:** Choose the correct bit from the set that matches the screw type you will be working with.
2. **Attach the Bit:** Insert the selected bit into the F.A.T. Wrench® and ensure it is securely locked in place.
3. **Adjust the Torque Setting:** Rotate the torque adjustment knob to set the desired torque level, ensuring it is within the range of 10-65 inlbs.
4. **Position the Tool:** Place the bit onto the screw head, ensuring it is properly aligned.
5. **Apply Torque:** Turn the wrench slowly and steadily. Monitor the torque setting as you work.
6. **Check Fastener Tightness:** After completing the task, verify that the fastener is secure but not overtightened.
7. **Clean and Store:** After use, clean the tool and bits to remove any debris. Store the set in the provided hard case for protection and organization.

Disposal Instructions

- Dispose of the tool and its components in accordance with local regulations regarding electronic waste and tools.
- Do not dispose of the tool in household waste. Check for designated recycling centers or collection points for proper disposal.

Contact Information for Further Support

For any inquiries regarding safety concerns, product information, or assistance, please reach out to the manufacturer's customer service or consult the product packaging for contact details.

By following these safety guidelines and instructions, you can ensure a safe and effective experience with your 38Piece F.A.T. Wrench® Screwdriver Set. Thank you for prioritizing safety while using our product.
