

Scout Buttstock Gen2 - Scout Buttstock Gen 2 - Precision AR-15 Buttstock - BLK

[Rifle Parts](#) > [Stock Parts](#) > [Buttstocks](#)

The GTS Scout Buttstock Gen 2 is the evolution of our original Scout stock, refined and improved based on feedback from experienced users and precision-oriented shooters.

Generation 2 builds on the Gen 1 foundation with improved ergonomics and a clearer focus on stability and repeatability. Unlike low-drag stocks designed mainly for plate carrier use, the Scout is purpose-built for precision setups where consistent body position and recoil control matter most.

Its geometry is designed to let the rifle be pulled firmly into the shoulder, creating reliable rearward pressure and a more stable shooting platform. The rear profile is optimized for rear support use, working naturally with rear bags, barricades, and prone shooting positions. This shape supports controlled tracking and predictable movement during slow, deliberate fire.

A key feature of the Gen 2 system is the modular cheek riser interface. The cheek riser is a separate add-on component that can be installed or removed depending on optic height and shooter preference - ideal for everything from low-mounted optics to modern high cheek weld setups. The cheek riser is cross-compatible across all GTS Gen 2 buttstocks, allowing a consistent upgrade path across the lineup. Please note - the cheek riser is not included and must be purchased separately.

Manufactured from reinforced high-strength polymer, the Scout Buttstock Gen 2 combines durability with low weight and is built for demanding training and field use.

If you want one stock in the lineup that is clearly tuned for precision, rear support techniques, and consistent shoulder pressure, the Scout Buttstock Gen 2 is the right tool.

Attributes

- Name: [Scout Buttstock Gen 2 - Precision AR-15 Buttstock - BLK](#)
- Manufacturer: [GERMAN TACTICAL SYSTEMS](#)
- Product no.: EU2017063
- Mfr. No.: GTS-7559-BLK
- Colour: Black
- Delivery weight: 1kg
- Shipping height: 100mm

Scout Buttstock Gen 2 Safety Instruction Guide

Introduction

Thank you for choosing the GTS Scout Buttstock Gen 2. This guide provides essential safety instructions and guidelines to ensure the safe use of your product. Please read this manual carefully before installation and usage. Adhering to these instructions will help you maintain safety and maximize the performance of your Scout Buttstock Gen 2.

General Safety Guidelines

- Always ensure that your firearm is unloaded before attaching or adjusting the buttstock.
- Inspect the buttstock for any visible damage or defects before use. Do not use the product if it appears compromised.
- Keep the buttstock out of reach of children and unauthorized users.
- Use the buttstock only with compatible firearms as specified by the manufacturer.
- Follow all local, state, and federal laws regarding firearm use and modifications.
- Report any unsafe conditions or accidents related to the product to the appropriate authorities.
- Regularly check for updates regarding product recalls or safety notices through the EU Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that the buttstock is securely attached to the firearm before use.
- Adjust the cheek riser only when the firearm is pointed in a safe direction and is unloaded.
- Do not exceed the recommended weight limits for accessories attached to the buttstock.
- Be aware of your surroundings and ensure a safe shooting environment.
- Use proper shooting techniques to maintain control and stability while firing.
- If you experience any discomfort or instability while using the buttstock, cease use immediately and consult a qualified professional.

Instructions for Installation and Usage

Installation

1. **Prepare the Firearm:** Ensure that the firearm is unloaded and pointed in a safe direction.
2. **Remove the Existing Buttstock:** If applicable, remove the previous buttstock by loosening the attachment screws or mechanism.
3. **Attach the Scout Buttstock Gen 2:**
 - Align the buttstock with the buffer tube of the firearm.
 - Securely fasten the buttstock using the provided screws or attachment mechanism.
 - Ensure that the buttstock is firmly attached and does not wobble.
4. **Install the Cheek Riser** (if applicable):
 - Align the cheek riser with the designated interface on the buttstock.
 - Secure the cheek riser in place according to the manufacturer's instructions.

Usage

- **Adjusting the Cheek Riser:**
 - If using the cheek riser, adjust its height according to your optic setup and personal preference.
 - Make adjustments only when the firearm is unloaded and pointed in a safe direction.
- **Shooting Position:**
 - Position the buttstock firmly against your shoulder to create stable rearward pressure.
 - Utilize the optimized rear profile for support when using rear bags or barricades.
- **PostUse Care:**

- After use, inspect the buttstock for any signs of wear or damage.
- Clean the buttstock with a soft cloth and appropriate cleaning solution to maintain its condition.

Disposal Instructions

- Dispose of the buttstock and any components in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Check with local waste management authorities for proper disposal methods for polymer materials.

Contact Information for Further Support

For any questions or concerns regarding the Scout Buttstock Gen 2, please refer to the manufacturer's website or contact your local dealer for assistance.
