

Breacher Buttstock Gen 2 - Low Drag AR-15 Buttstock - Black

[Rifle Parts](#) > [Stock Parts](#) > [Buttstocks](#)

The GTS Breacher Buttstock Gen 2.0 is an evolution of our original Breacher stock, developed and improved after direct feedback from professional users in the field.

Generation 2.0 builds on the foundation of the Gen 1 design, refining ergonomics and modularity based on real-world experience. The result is a stock that offers better handling, improved comfort, and greater adaptability without compromising the low-profile character that defines the Breacher series.

The Breacher concept is purpose-built for plate carrier and duty-style use. Its low-drag, low-snap profile reduces interference with body armor, chest rigs, and gear during shouldering and transitions. The streamlined shape supports efficient weapon manipulation in confined spaces while maintaining a stable shooting platform. Designed as an AR-15 buttstock for mil-spec buffer tubes, the Breacher Gen 2.0 ensures a secure fit and reliable adjustment on standard mil-spec receiver extensions.

The updated Gen 2.0 ergonomics provide a more natural shoulder fit and improved control during dynamic rifle use. The geometry supports consistent positioning, especially with modern upright stances and optic-focused setups.

A key enhancement is the modular cheek riser interface. The cheek riser is now a separate add-on component that can be installed or removed depending on optic height and shooter preference. This allows the stock to be configured for both standard and high-mount setups.

The cheek riser is fully cross-compatible across all GTS Gen 2.0 buttstocks, ensuring a unified and scalable system approach across the product line.

Please note: The cheek riser is not included and must be purchased separately.

Manufactured from reinforced high-strength polymer, the Breacher Buttstock Gen 2.0 combines durability with low weight and is built to withstand demanding training cycles and field use.

Refined through professional feedback, streamlined for armor use, and designed as part of the modular Gen 2.0 ecosystem, the Breacher Buttstock represents the next step in the evolution of the GTS Breacher platform.

Breacher Buttstock Gen 2 Low Drag AR15

Buttstock Safety Instructions

Introduction

Thank you for choosing the Breacher Buttstock Gen 2.0. This product is designed to provide improved handling and adaptability for your AR15 platform while ensuring safety during use. This guide provides essential safety instructions and guidelines to help you use the product effectively and safely.

General Safety Guidelines

- Always read and understand the safety instructions before using the Breacher Buttstock Gen 2.0.
- Ensure that the product is used only for its intended purpose as specified in this guide.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the buttstock for any signs of wear or damage before use.
- Do not modify the buttstock in any way. Modifications may compromise safety and performance.
- In case of any malfunction or failure, discontinue use immediately and consult a qualified professional.

Specific Safety Precautions for Use

- Ensure that the firearm is unloaded before attaching or adjusting the buttstock.
- Always point the firearm in a safe direction when handling.
- Use the buttstock only with milspec buffer tubes to ensure proper fit and function.
- When using the modular cheek riser, ensure it is securely attached before use.
- Be aware of your surroundings and ensure that you have a clear shooting area.
- Avoid using the buttstock in adverse weather conditions that may affect handling and stability.

Instructions for Installation and Usage

1. Installation

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the existing buttstock from the milspec buffer tube by following the manufacturer's instructions.
- Align the Breacher Buttstock Gen 2.0 with the buffer tube and slide it into place until it is securely positioned.
- Adjust the stock to your desired length of pull by using the adjustment lever, ensuring it locks into place.

2. Using the Buttstock

- When shouldering the firearm, ensure that the buttstock is firmly against your shoulder for stability.
- Utilize the streamlined shape of the buttstock to facilitate smooth weapon manipulation.
- If using the cheek riser, adjust it to align with your optic for optimal sighting.
- Practice transitioning between different shooting positions to become familiar with the buttstock's handling characteristics.

3. Maintenance

- Regularly clean the buttstock with a soft cloth to remove dirt and debris.
- Inspect for any cracks or damage; replace the buttstock if any issues are identified.
- Store the buttstock in a cool, dry place when not in use.

Disposal Instructions

- Dispose of the Breacher Buttstock Gen 2.0 in accordance with local regulations for plastic waste.
- Do not incinerate or dispose of the buttstock in a manner that may harm the environment.
- If the product is damaged beyond repair, contact your local waste management authority for guidance on proper disposal.

Contact Information for Further Support

For any questions or concerns regarding the Breacher Buttstock Gen 2.0, please refer to the manufacturer's website or contact their support team. Always ensure that you have the latest information regarding safety recalls and product updates.

By following these safety instructions, you can ensure a safer and more effective experience with your Breacher Buttstock Gen 2.0. Thank you for your attention to safety, and enjoy your product!
