

Breacher Buttstock Gen 2 - Low Drag AR-15 Buttstock - FDE

[Rifle Parts](#) > [Stock Parts](#) > [Buttstocks](#)

The GTS Breacher Buttstock Gen 2.0 is an evolution of our original Breacher stock, developed and improved after direct feedback from professional users in the field.

Generation 2.0 builds on the foundation of the Gen 1 design, refining ergonomics and modularity based on real-world experience. The result is a stock that offers better handling, improved comfort, and greater adaptability without compromising the low-profile character that defines the Breacher series.

The Breacher concept is purpose-built for plate carrier and duty-style use. Its low-drag, low-snap profile reduces interference with body armor, chest rigs, and gear during shouldering and transitions. The streamlined shape supports efficient weapon manipulation in confined spaces while maintaining a stable shooting platform. Designed as an AR-15 buttstock for mil-spec buffer tubes, the Breacher Gen 2.0 ensures a secure fit and reliable adjustment on standard mil-spec receiver extensions.

The updated Gen 2.0 ergonomics provide a more natural shoulder fit and improved control during dynamic rifle use. The geometry supports consistent positioning, especially with modern upright stances and optic-focused setups.

A key enhancement is the modular cheek riser interface. The cheek riser is now a separate add-on component that can be installed or removed depending on optic height and shooter preference. This allows the stock to be configured for both standard and high-mount setups.

The cheek riser is fully cross-compatible across all GTS Gen 2.0 buttstocks, ensuring a unified and scalable system approach across the product line.

Please note: The cheek riser is not included and must be purchased separately.

Manufactured from reinforced high-strength polymer, the Breacher Buttstock Gen 2.0 combines durability with low weight and is built to withstand demanding training cycles and field use.

Refined through professional feedback, streamlined for armor use, and designed as part of the modular Gen 2.0 ecosystem, the Breacher Buttstock represents the next step in the evolution of the GTS Breacher platform.

Attributes

- Name: [Breacher Buttstock Gen 2 - Low Drag AR-15 Buttstock - FDE](#)

Breacher Buttstock Gen 2 Safety Instruction Guide

Introduction

Thank you for choosing the GTS Breacher Buttstock Gen 2.0. This guide provides essential safety instructions and guidelines to ensure the safe use of the product. Please read this document carefully before installation and use.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as an AR15 buttstock.
- Always follow the manufacturer's instructions for installation and usage.
- Inspect the buttstock regularly for any signs of damage or wear.
- Keep the buttstock out of reach of children and unauthorized users.
- Be aware of your surroundings when using the firearm equipped with this buttstock.
- Report any unsafe product experiences or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Always verify that the firearm is unloaded before attaching or detaching the buttstock.
- Ensure that the buttstock is securely attached to the milspec buffer tube before use.
- Do not use the buttstock if it shows signs of damage or if the modular cheek riser is not properly installed.
- Be cautious when making adjustments to the cheek riser; ensure that it is securely fastened to avoid accidents during use.
- Avoid using the buttstock in conditions that could compromise its integrity, such as extreme temperatures or exposure to harsh chemicals.
- Use appropriate protective gear, such as eye protection and hearing protection, when handling firearms.

Instructions for Installation and Usage

1. Installation:

- Ensure that the firearm is completely unloaded and pointed in a safe direction.
- Remove the existing buttstock from the milspec buffer tube by following the manufacturer's instructions.
- Align the Breacher Buttstock Gen 2.0 with the buffer tube and slide it onto the tube until it clicks into place.
- Ensure that the buttstock is securely locked in position before use.

2. Adjusting the Cheek Riser:

- If you wish to use the cheek riser, ensure it is compatible with the Breacher Buttstock Gen 2.0.
- Align the cheek riser with the interface on the buttstock and press it firmly until it clicks into place.
- To remove the cheek riser, press the release mechanism and gently pull it away from the buttstock.

3. Usage:

- Shoulder the firearm with the Breacher Buttstock Gen 2.0 installed, ensuring a natural fit against your shoulder.
- Maintain a firm grip on the firearm while aiming and firing.

- Be mindful of your stance and positioning to ensure optimal support and control during use.

Disposal Instructions

- Dispose of the Breacher Buttstock Gen 2.0 in accordance with local regulations regarding plastic and polymer materials.
- Do not dispose of the product in regular household waste.
- If the product is damaged beyond repair, contact your local waste management authority for proper disposal methods.

Contact Information for Further Support

For any safety inquiries or further support regarding the Breacher Buttstock Gen 2.0, please refer to the manufacturer's contact details provided on the product packaging or the official website.

Thank you for your attention to these safety instructions. Your safety and the safety of others is our top priority. Enjoy using the Breacher Buttstock Gen 2.0 responsibly!
