

# Gen 2 Cheek Riser - AR-15 Buttstock Add-On - Black

[Rifle Parts](#) > [Stock Parts](#) > [Buttstocks](#)

The GTS Gen 2 Cheek Riser is a modular add-on designed to enhance cheek weld consistency and optic alignment on all GTS Gen 2 buttstocks.

Developed as part of the Gen 2 ecosystem, the cheek riser allows shooters to adapt their stock setup to modern optic heights. Whether running standard-height mounts or elevated setups, the riser provides improved head position repeatability and a more stable shooting interface.

The riser installs directly onto compatible GTS Gen 2 buttstocks and can be removed at any time, allowing the rifle to be configured according to mission, optic choice, or personal preference.

By increasing comb height, the cheek riser supports a more natural head position, reducing strain during extended shooting sessions and improving consistency - especially on precision builds or rifles equipped with high mounts and magnifier systems.

Manufactured from reinforced high-strength polymer, the riser maintains durability while adding minimal weight to the platform.

The Gen 2 Cheek Riser is fully cross-compatible across all GTS Gen 2 buttstocks, including the Breacher and Scout models, ensuring a unified and modular stock system.

Please note - this product includes the cheek riser only. Buttstock sold separately

# Gen 2 Cheek Riser Safety Instruction Guide

## Introduction

Thank you for choosing the GTS Gen 2 Cheek Riser. This product is designed to enhance your shooting experience by improving cheek weld consistency and optic alignment. To ensure safe and effective use of this product, please read the following safety instructions carefully.

## General Safety Guidelines

- Always ensure that the firearm is unloaded before installing or adjusting the cheek riser.
- Use the cheek riser only with compatible GTS Gen 2 buttstocks.
- Regularly inspect the cheek riser for signs of wear or damage before each use.
- Ensure that all components are securely attached before shooting.
- Store the cheek riser in a safe and dry place when not in use.
- Keep the product out of reach of children and unauthorized users.

## Specific Safety Precautions for Use

- Do not exceed the recommended height adjustments for the cheek riser.
- Avoid using the cheek riser with firearms that are not designed for its use.
- Be aware of your surroundings and ensure that your shooting area is safe.
- Always wear appropriate eye and ear protection while shooting.
- If you experience discomfort or strain while using the cheek riser, stop using it immediately and consult a professional.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the firearm is unloaded.
- Align the cheek riser with the designated mounting points on the GTS Gen 2 buttstock.
- Securely attach the cheek riser using the provided mounting hardware.
- Confirm that the riser is firmly in place and does not move.

### 2. Usage:

- Adjust the cheek riser to your preferred height for optimal cheek weld.
- When aiming, ensure your head position is natural and comfortable.
- Practice regularly to become familiar with the adjustments and feel of the cheek riser.

## Disposal Instructions

- Dispose of the cheek riser in accordance with local regulations for plastic products.
- Do not dispose of the cheek riser in regular household waste if it is damaged or broken.
- Consider recycling options for the polymer material if available in your area.

## Contact Information for Further Support

For any inquiries or further assistance, please refer to the manufacturer's contact details provided with your product packaging or on the official website.

By following these safety instructions, you can ensure a safe and enjoyable experience with your GTS Gen 2 Cheek Riser. Thank you for your attention to safety, and happy shooting!
