

Tripod Basket - Flecktarn

[Shooting Accessories](#) > [Bipods, Monopods & Accessories](#) > [Bipod Accessories](#)

The GTS Tripod Basket is built for shooters who want additional storage without complicating their setup. When operating from a tripod, gear tends to end up on the ground, exposed to dirt, moisture, and unnecessary movement. The Tripod Basket keeps your essentials elevated, accessible, and organized at the center of your platform.

Mounted between the tripod legs, it creates a spacious storage compartment for ammunition boxes, rear bags, gloves, range tools, water bottles, or other larger items that don't require modular attachment. The triangular design distributes weight evenly and can even enhance tripod stability when loaded.

Constructed from durable, abrasion-resistant fabric, the basket is designed to handle regular range use as well as demanding outdoor conditions. The reinforced attachment system ensures compatibility with most tripod platforms and keeps the basket securely in place under load. The open-top layout allows quick access, while the raised edges help prevent equipment from slipping out during use or repositioning.

The GTS Tripod Basket is available in Flecktarn and Stone Grey Olive, allowing you to match your setup to your environment and overall equipment configuration.

Simple. Functional. Reliable.

Tripod Basket Safety Instruction Guide

Introduction

Thank you for choosing the GTS Tripod Basket Flecktarn. This guide provides essential safety instructions to ensure the safe and effective use of your product. Please read this document carefully before using the Tripod Basket to maximize your experience and minimize any risks.

General Safety Guidelines

- Always inspect the Tripod Basket for any damage or wear before each use.
- Ensure that the basket is securely attached to the tripod before loading any items.
- Do not overload the basket beyond its intended capacity, as this may compromise the stability of the tripod.
- Keep the area around the tripod clear of obstacles to prevent tripping or falling.
- Use the Tripod Basket only for its intended purpose. It is designed for holding gear such as ammunition boxes, rear bags, gloves, range tools, and water bottles.

Specific Safety Precautions for Use

- Avoid placing sharp or heavy objects in the basket that could puncture or damage the fabric.
- Ensure that all items stored in the basket are properly secured to prevent them from falling out during use or repositioning.
- Be cautious when accessing items in the basket to avoid losing balance or tipping the tripod.
- Keep the Tripod Basket away from sources of heat and open flames, as the fabric is not fire-resistant.
- Always supervise children around the tripod and basket to prevent accidents.

Instructions for Installation and Usage

1. Installation:

- Position the Tripod Basket between the tripod legs, ensuring it is centered and balanced.
- Use the reinforced attachment system to securely fasten the basket to the tripod. Follow the manufacturer's instructions for proper attachment.
- Doublecheck that the basket is firmly in place before loading any items.

2. Usage:

- Load items into the basket, distributing weight evenly to maintain tripod stability.
- For quick access, utilize the opentop layout and ensure that raised edges are functioning to keep items contained.
- If you need to reposition the tripod, carefully remove items from the basket to avoid tipping.

3. PostUse:

- After use, remove all items from the basket and inspect it for any damage.
- Clean the basket according to the manufacturer's recommendations to maintain its durability.

Disposal Instructions

- When the Tripod Basket reaches the end of its life, dispose of it in accordance with local regulations for textile waste.
- Do not incinerate the basket, as it may release harmful substances when burned.
- If the basket is damaged, consider recycling the materials if possible.

Contact Information for Further Support

For any inquiries, concerns, or reports regarding safety, please reach out to the appropriate EUbased contact point for assistance. Always keep your purchase information handy for reference.

Thank you for following these safety instructions. Enjoy your GTS Tripod Basket and ensure a safe and productive experience!
