The MDT ACC Elite Chassis isn't just an upgrade; it is a masterclass in precision engineering designed to put top-tier shooters on the podium. By fusing cutting-edge design with deep industry expertise, MDT has created a competition platform that outperforms everything currently on the market.

This chassis provides the ultimate edge in control, speed, and stability. Every line and feature is purpose-built to create the perfect interaction between rifle and shooter, allowing you to shave critical seconds off stage times and consistently put more rounds on target.

Unmatched Rigidity: The forend is wider, thicker, and longer than its predecessors. It is specifically designed to eliminate any measurable flexion, providing an incredibly stable platform for every shot.

Zero-Slop Magwell: Featuring an adjustable magwell and latch, the ACC Elite operates flawlessly with top-tier actions. This customizable fit removes "slop," ensuring reliable feeding when every second counts.

Precision Ergonomics: The adjustable M-LOK Thumb Rest allows for a tailored fit, ensuring maximum comfort and a repeatable grip for high-pressure stages.

Superior Texture and Grip: Each unit includes custom-cut grip tape for the underside of the forend. Once installed, it provides a tactile advantage for locking onto barricades and bags.

Advanced Weight Management: Experience perfect balance and recoil control through a system designed for the rigors of professional competition.
