

Chassis - ACC Elite System - Savage - SA - RH - TBL

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The MDT ACC Elite is built for one purpose: winning matches. As the #1 chassis in the PRS and the choice of thousands of competitors worldwide, its reputation is backed by countless podium finishes. This platform provides the balance, stability, and control needed to run complex stages efficiently and deliver consistent hits under extreme pressure.

The ACC Elite is designed to stay rigid when it matters most. Featuring a strengthened forend, a solid center base, and a dedicated connector bar linking the grip to the buttstock, this chassis eliminates twisting and bending during recoil or when loading into a prop.

Precision Balance: With a full-length ARCA forend and a tunable weight system, you can use MDT Weights to create a perfectly balanced rifle. This setup ensures the rifle settles fast and stays locked on target naturally under recoil.

SRS-X Elite Buttstock: Achieve a perfect, natural position behind your rifle every time. The SRS-X Elite offers fast, toolless adjustments for:
Cheek rest height (back and front)
Length-of-pull (LOP)
Buttpad height

Elite Ergonomics: The Vertical Grip - Elite allows for back, front, and angle adjustments. When paired with the adjustable M-LOK thumb rest, you get a tailored hand placement that feels completely natural.

Barricade Mastery: The included underside grip tape helps the rifle "dig in" to barricades and bags, ensuring a stable hold from the first shot to the last.
